Updated: **April 17, 2020**

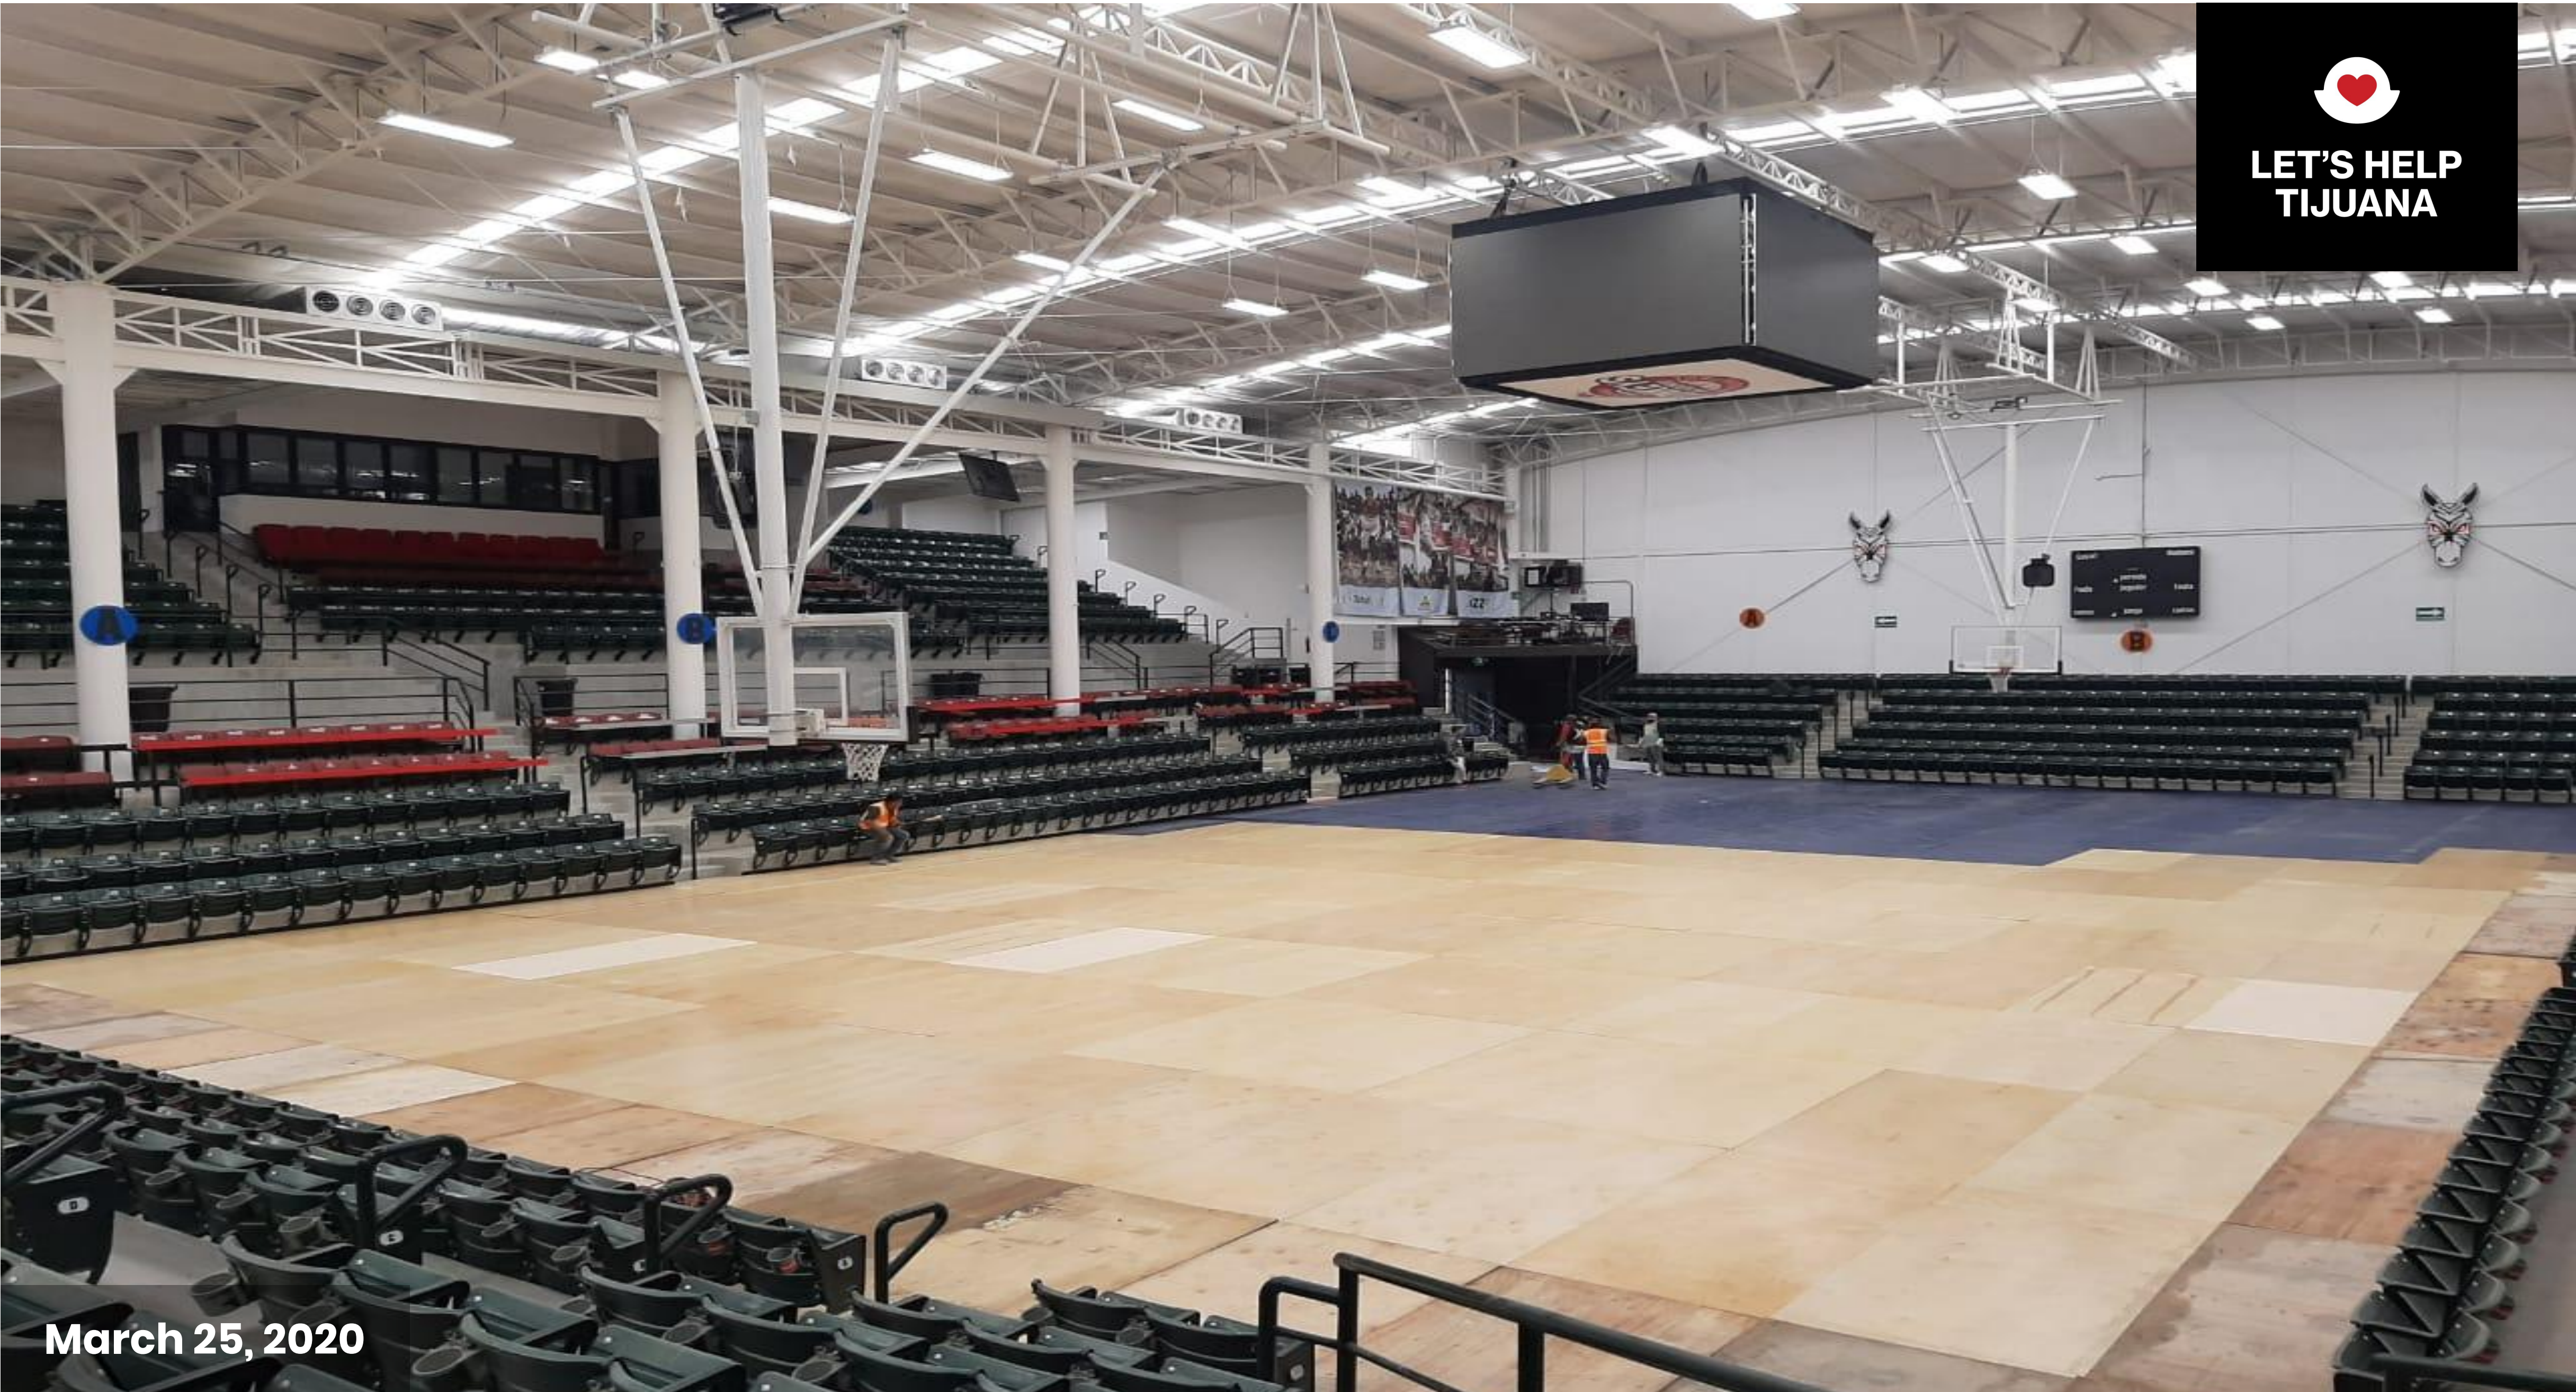

## About Us

We're a group of driven people, charities and companies working together with the objective of bolstering Tijuana's health sector in order to combat the Coronavirus Pandemic. We are achieving this in 2 ways.

- 1.** By supplying much needed PPE (Personal Protective Equipment) to medical professionals and staff.
- 2.** By increasing the medical infrastructure capacity by 92 beds in a temporary hospital.

## Control and Transparency

We are eternally grateful to the **Fundación Internacional de la Comunidad, A.C.** and the **International Community Foundation** for their great assistance in providing a transparent framework for the reception of all monetary donations. Every donation that enters Let's Help Tijuana is received by a bank account of this great organization that leaves complete clarity as to what monies enter our cause, and how that money is spent.
